

# Lab safety

## Safe Lab Practices (Rules)

Our goal is that accidents don't happen, after near misses we correct our procedures, after accidents we try to minimize harm.

If you had an accident you have to report it [here](#).

## Specific Topics

The EHS from the University of Saarland has provided a few presentations, that are useful if you want to learn about a certain topic. You can find them on the [intranet](#), unfortunately they are in german.

## Safety Print-Outs

Type	Link
Emergency Calls Print-Out	<a href="#">Link Intranet</a>
Fire Safety Regulations Print-Out	<a href="#">Link Intranet</a>
